BURLINGTON JUNCTION BANK HAS FORMAL OPENING TODAY

Fine New First National Bank Visited by Many—Structure Complete and Up to Date.

The First National bank of Burlington Junction held a formal opening of its fine new bank building today and many people visited the institution to inspect the new quarters. The move from the old building was made last Monday, and the business has been carried on in the new one since then.

The building, which is one of the most modern in Burlington Junction's business district, would be a credit to any town. The structure is a one story 40x44 feet, with the exterior finished in ornamental brick and stone. The interior is finished in American black walnut. The lobby floor is of marble with a wall base of verde antique marble. All other flooring is of hard maple. The cashiers wickets are directly in front of the main entrance. On the right is a small waiting room and the private conference room of the bank officials. To the left of the main entrance is the directors room. To the rear on the left is the savings department with a door leading to the vault for safety deposit boxes. The money vault is directly behind the work space. The walls and ceiling are decorated in monotome and the furniture is of American walnut.

The building which has been occupied by the banking business since the fire destroyed their former place, is being remodeled for preparatory to opening a first class cafe to be run by W. W. and Arch Jones. This is to be supplied with all modern cafe fixtures.

W. F. Phares returned this morning from a business trip to Chicago.

RURAL SCHOOLS TO DIRECT CAMPAIGN

WILL USE HOME TALENT INSTEAD OF IMPORTED

PUPILS GIVE PROGRAMS

Vitalized Agriculture Teachers and Teams to Visit Other Schools—169 Meetings Held.

A distinctive feature of the coming rural school campaign in Nodaway county, is that the demonstrations, literary programs and speeches given at these one hundred and sixty meetings to be held on April 8 and 9 are all to be given by educators of the community and by the children themselves.

This compaign is a national one and at some time during the spring month is being put on in all states. In many counties the schools have imported instructors and speakers from other states at a considerable cost.

The principal behind the Nodaway county campaign is that methods used with success in one school may be popularized over the county better by having the pupils actually demonstrate what they have done, than by having an educator from another state or county, come in and tell how it is done.

The campaign is so arranged, that pupils in teams may visit other school and give a demonstration of their work. The progress of vitalized agriculture and the methods used is one of the big issues of the campaign, and a teacher with a team of pupils as a demonstrators from the schools where vitalized agriculture is taught, will visit each of the rural schools where the course has not yet been added.

The rural teachers are very enthusiastic in their plans for the campaign The State Teachers college is also back of the plan and will send members of the faculty to different meetings.

The Herron, Black Oak and a number of other schools are arranging basket dinners for the campaign in their district. As one of the big objects of this movement is to create community spirit an dto let the patrons have a clear knowledge of school problems and needs, this method is excellent to bring them all together.

Rev. Father Placidus, manager of the campaign for Jefferson township, has reported to the County Superintendent that all plans are booming for a lively campaign there. A special supplement will be added to the parish monthly publication, giving the details of the plans when completed and a six reel motion picture of Rip Vanwinkle will be shown in Conception after the vitalized agriculture demonstrations and literary programs are over. Members of the Chamber of Commerce have been especially invited to attend these meetings and all people in the city are also invited.

WOULD SEE ELMO IN STEP WITH TIMES

CITES CHANGES THROUGH FREE RURAL MAIL DELIVERY.

CONSOLIDATION WANTED

R. T. Lamar, a Progressive Citizen of Elmo Anxious to Have New Plan Established.

"A true story not quite as old or as long as Rip Vanwinkle and his good old dog Schneider slept is—that about nineteen years ago we were anxious to have free rural mail delivery and applied for same at Elmo postoffice. We were discouraged. Some thought it would ruin our little town. Our efforts for the same R. F. D. out of Clearmonth were also defeated. William Price, postmaster at that time hesitated to map out a route in his brother postmaster's territory, W. E. Scott.

If you had the pleasure of knowing John H. Bryant, editor of the Burlington Junction Post, also postmaster at Burlington Junction at this time, you knew an untiring citizen when there was something to be done. Our application was not pigeon holed, he heard us the first time. In less time than it takes to tell the story, we had our route mapped out and was off—not in a Buick of a Ford but horseback.

Slow enough—but that was not the worst. Some good folks thought there must be a catch in it, some wondered what it was going to cost them extra. Our good friend and neighbor at that time since departed from this life, was so appreciative of the old Lamar station P. O. that she could not see it removed to Elmo. She did not care to get her mail from any other office after she came to our house and wondered if it would be possible to have the carrier back track up to her house they could not but later we concluded a half route out of Burlington Junction, which would give us morning mail instead of later afternoon service. We got it is, you all know and our friend got her mail for several years from the Burlington Junction post office with less trouble to herself and her friends. I remember about nineteen years ago when we left Bunnie Jones home about dark on my way home after he had signed the petition for R. F. D., he requested that we mention him as carrier for this route. Any way, many of us remembered about five days in the nineteen years that he was not able to have carried the mail. What a blessing of health. Did you ever hear him whistling along his way, happy? Yes. Many of us today wonder why Elmo has not routes on the west side of the Nodaway river, instead of Burlington Junction, and the amount of money paid these carriers for nineteen years would have benefited Elmo, its churches and schools. Elmo did not see it then as now.

To the outside world we would say on behalf of school consolidation, we are awake and ready to take the step forward. The young men and women just starting on life's battle wish to help build a fort of education in Elmo that is second to none and their children will appreciate as having been well done. One other thought—we believe W. J. Bryan and phobition would be more welcome in Elmo than Governor Edwards of Rhode Island, who would make the U. S. "wetter" than the Atlantic if elected president. The golden rule is good and correct. Another beautiful thought, "Suffer little children to come unto Me, for of such is the Kingdom of Heaven.

J. C. Penney Co.

Who We Are

It is quite natural to inquire about any newcomer in your midst. So we answer the question in advance.

J. C. Penney Company, owning and operating 297 stores, is the outgrowth of a small store started in Kemmerer, Wyoming in 1902. Ever since that first store was opened the principle that guided this present day nation-wide institution has been the Golden Rule. With fullest consideration for everyone, serving all alike, our reward has been ever increasing friendships that enable us to constantly enlarge our field of service and consequently benefit a greater number as we go forward.

J. C. Penney Company was a pioneer in giving to the men who came into the organization an opportunity to become partners in various stores. We know that when you know us you will have implicit confidencee in our intention and determination to render to you a service worth while whenever you require Dry Goods or Wearing Apparel and Shoes for Men, Women and Children.

Our Buying Power

In 1919 we sold, for cash, about thirty millions of dollars worth of merchandise. We know it needs very little explanation to convince people that such a purchasing power is sure to entitle us to lowest cost prices. In addition to quantity purchases we do, by our centralized buying organization, almost entirely eliminate the middlemen's profits that generally constitute part of the cost in the usual one-store only buying.

What we save in buying is passed along to our customers. That fact in itself is a very good reason why we constantly sell at such low prices.

We Never Have "Sales"

With a J. C. Penny Company store near you—there is no need nor wisdom in waiting for "special sales" to buy at lowest prices.

We never hold "sales" or "cut price events." "Sales" are either a disposal of undesirable merchandise or else the prices have been marked too high at first so as to stand a "mark down" at the end of the season. Think it over! Who pays the big profits when "sales" methods are used?

You can buy from us at the beginning of the season, when the goods are newest, at prices generally as low as the so called "after-season-clearance-sales."

Surly then you will welcome this store where you can buy what you want—when you want it—at a price you are very willing to pay.

Our Buying Organization

To make certain that we are constantly able to supply you with the newest and best that the nation's markets produce, we maintain all-year-'round buying organizations in our own offices at New York City, St. Louis and St. Paul.

Daily contact with the markets is a big advantage in buying. We have that advantage. Experience has demonstrated that in no other manner of buying can we be sure of serving you as you should be served.

In Each of our buying centers we have an adequate staff of thoroughly experienced buyers whose intimate knowledge of merchandise and markets, combined with the accurate information supplied byour local managers as to the needs of every section of the Country, enable them to buy for you the Ready-to-Wear Apparel, Shoes and Dry Goods that you particularly want.

New Merchandise Always

We are confident such a service is sure to please you and therefore we seek your patronage with full assurance of genuine satisfaction to you always.

Our low margin of profit assures rapid selling—that results in constant replenishment of our stocks—you are thus assured that you have new goods to select from at all times in our stores.

Goods do not remain here sufficiently long to become old.

Furthermore, we never buy bankrupt stocks or undesirable merchandise of any sort. The pick of the nation's best goods only and always.

One Price to All

and that price bed-rock-low always.

We never discriminate in the prices at which we sell merchandise.

One Price to Everyone—that's the real spirit of the J. C. Penney Company.

Every dollar you spend here has the same purchasing power as your neighbor's—isn't that your idea of correct business methods?

We are sure that such a method has the approval of every man and woman because people always approve Fair Dealing and that is our customary way of conducting business.

Why We Came to Maryville

First of All—We are Here to Stay!

Our investigation of conditions in and about Maryville has convinced us that the majority of people will quickly appreciate the advantages offered to them by the service of this store.

With new goods always, lowest prices every day and courteous service at all times—this "different" store will fill a long-felt want in this community.

People who have heretofore "sent away" for merchandise will find it will pay them to travel hundreds of miles, if necessary to partake of the every-day values we offer.

Attend the opening for proof!

You will be quickly convinced this is in truth "the store for everybody."

PAINS SO BAD STAYED IN BED

Young Mrs. Johnston Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I was very sick for some time with pains in my sides and back and I could not do my work at times the pain in my side was so bad, I would have to stay in bed for days at a time. My mother-in-law had taken Lydia E. Pinkham's Vegetable Compound and recommended it to me. It cured my pains and I am now able to do all my work. You can publish my testimonial and I hope the Compound will do others the good it has done me."—Mrs. ANNA JOHNSTON, 206 E. 41st Street, Chicago, Ill.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs.
